

DES FULCHER – CANDIDATE’S STATEMENT

Strategically placed, living in the centre of the Yare Valley Division at Easton, I can readily get to every part of the area. Being semi-retired means I have the time to dedicate towards running an effective campaign. But more importantly, I will have the time to serve as your County Councillor.

My experience in politics brings many strengths to my position. This includes managing more than one local election campaign, which created very positive outcomes. When I first stood for a District Council seat I topped the poll.

Housebuilding has seen a sharp increase in the Yare Valley Division in recent years. This has led to pressure being placed on infrastructure and public services, something I am keen to challenge.

Having held a District Council seat in South Norfolk in the past, I believe the time is right for my next step towards the County Council. My first priority will be to represent the residents of the Division properly. But I am eager to serve on some of the more challenging Council Committees. such as Infrastructure & Development.

I want to strengthen the Liberal Democrat position locally, which will involve working with members and supporters right across the Division.
